

# zammykoo DIY Backup Camera Mount Template v.1

## Instructions

Print this pdf at 100%. (Do not scale or fit to page.)

To check if this was printed correctly, measure with a ruler against this 1" square to make sure it did not scale up/down.

## Notes

This template was meant to be mounted behind a Jeep Wrangler's (JK/JKU) spare tire, but can possibly be used on similar vehicles with 5x5" (5-127) wheel bolt pattern.

Have fun!
